A Year of Change

This was a year of change. There were new buildings, new teachers, old teachers with new ideas, and of course, new students. Studying, basketball games, tests, more tests, football scrambles, stay-in-school campaigns, pep rallies, plays, teachers, students--all these are part of the WHHS Memory that involved loss and gain in the changing year of 1965-66. We hope we have brought back some of these memories each student helped create.

In Memoriam

MRS. GWENDOLYN DUVALL
April 14, 1938 - Nov. 25, 1965

"...Whatsoever things are true,
Whatsoever things are honest,
Whatsoever things are just,
Whatsoever things are pure,
Whatsoever things are lovely,
Whatsoever things are of good report;
If there be any virtue, and
If there be any praise,
Think on these things."

Phil. 4:8

She was an inspiration to her students, friends, loved ones--an ideal for which we all should strive. She had a maturity and vision of life that belied her youthful appearance. Her devotion to duty and friends was unshakable. She was a ray of sunlight in a too often dark world. She was all that is good and pure.

In loving memory of Gwendolyn DuVall, we, her friends, humbly dedicate ourselves to a search for peace and love among all men.

REFLECTOR USED TO COLLECT HEAT FROM THE SUN

PHOTOCOPY OF DR STIRLING'S ORIGINAL PATENT AS PRINTED IN THE ENGINEER, DECEMBER 14, 1917

OLD ENGINE FINDS PLACE IN SPACE AGE

THE STIRLING ENGINE

THE STIRLING ENGINE WAS INVENTED BY A 24-YEAR-OLD SCOTSMAN, ROBERT STIRLING, BORN IN 1802. DR. STIRLING RECEIVED LETTERS PATENT FOR HIS FIRST ENGINE AFTER IMPROVEMENTS HE JOINTLY PATENTED WITH HIS BROTHER, DAVID STIRLING, IN 1861. PATENT NO. 15,538, 11th NOVEMBER 1861, AND LETTERS PATENT NO. 8552, 1st OCTOBER 1860.

HOW IT WORKS

THE ENGINE CONSISTS OF TWO CYLINDERS, ONE OF WHICH IS EXPOSED TO THE SUN'S RAYS BY MEANS OF A CONCENTRATING REFLECTOR. THE OTHER CYLINDER IS KEPT COOL BY MEANS OF A WATER JACKET. THE CYLINDERS ARE CONNECTED BY TWO PASSAGES, ONE OF WHICH IS OPENED AND CLOSED BY A PISTON. THE PISTON IS DRIVEN BY THE EXPANSION AND CONTRACTION OF THE AIR IN THE CYLINDERS. THE AIR IN THE CYLINDER EXPOSED TO THE SUN'S RAYS EXPANDS AND PUSHES THE PISTON OUT. THE AIR IN THE COOL CYLINDER CONTRACTS AND PULLS THE PISTON IN. THE PISTON IS DRIVEN BY THE EXPANSION AND CONTRACTION OF THE AIR IN THE CYLINDERS. THE AIR IN THE CYLINDER EXPOSED TO THE SUN'S RAYS EXPANDS AND PUSHES THE PISTON OUT. THE AIR IN THE COOL CYLINDER CONTRACTS AND PULLS THE PISTON IN. THE PISTON IS DRIVEN BY THE EXPANSION AND CONTRACTION OF THE AIR IN THE CYLINDERS.

ADVANTAGES

THE STIRLING ENGINE HAS NO VALVES TO LEAK AND NO EXHAUST. THIS MAKES IT A VERY QUIET ENGINE. ALSO, SINCE THERE IS NO EXHAUST, IT CAN BE SAFELY OPERATED IN A CLOSED ROOM. SINCE IT DOES NOT BURN FUEL, IT DOES NOT POLLUTE THE AIR. IT IS ALSO VERY EFFICIENT, CONSUMING ONLY ONE-THIRD AS MUCH FUEL AS A COMPARABLE STEAM ENGINE.

DISADVANTAGES

THE STIRLING ENGINE WOULD HAVE TO BE TWO AND A HALF TIMES AS LARGE AS ONE FOR A GIVEN ENGINE OF LIQUID FUEL. ALSO, SINCE IT IS A LIQUID FUEL ENGINE, IT WOULD BE VERY HEAVY. IT WOULD ALSO BE VERY EXPENSIVE TO BUILD AND OPERATE.

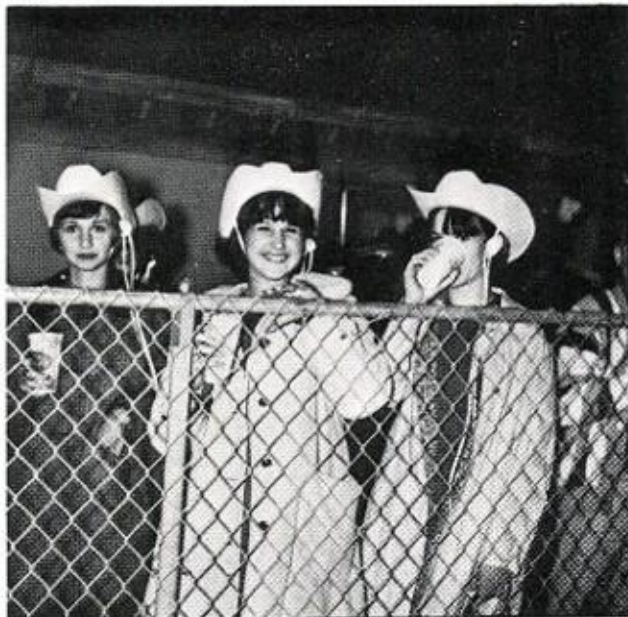

APPLICATION

THE STIRLING ENGINE WOULD BE VERY USEFUL IN SPACE APPLICATIONS. SINCE IT HAS NO VALVES AND NO EXHAUST, IT COULD BE USED IN A SPACE SHUTTLE. IT COULD ALSO BE USED IN A SPACE STATION TO GENERATE ELECTRICITY. SINCE IT DOES NOT BURN FUEL, IT WOULD NOT POLLUTE THE AIR. IT IS ALSO VERY EFFICIENT, CONSUMING ONLY ONE-THIRD AS MUCH FUEL AS A COMPARABLE STEAM ENGINE.

The High School Is a

...to win a game.

...to give a toothy grin.

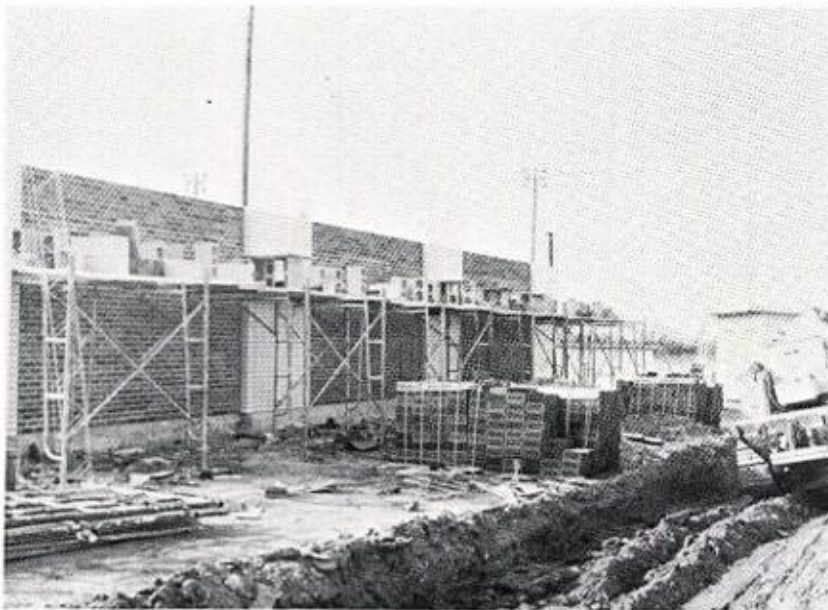

...to elect

...to look at Coach.

Time . . .

... to yell for
the Eagles.

... to build a cafetorium.

to study.

... homecoming queens.

... to create
bulletin boards.

Superintendent: RAY HARDISON

SCHOOL BOARD:

FRONT ROW: (left to right) B. J. Cartwright, Jonathan Allen, Mrs. Wilson Warren BACK ROW: Malcolm Harris, Roy Clark, James Watford, Roy Ward

To the W-H Student Body:

Preparing the individual to serve - each in his own capacity - is the role of the public school. For every opportunity we have in our lives today, there is a corresponding responsibility. For the splendid opportunity of freedom, there is the responsibility of safeguarding that freedom!

May the students of our school, and especially those who will not be returning, accept as their responsibility the job of upholding the high standard of ethics, scholarship, service, and leadership, thus making their contribution to the welfare of our school, our community and our country.

Byron, who died at the age of thirty-six, said, "The thorns I have reaped are of the tree I planted. They have torn me and my flesh bleeds. I should have known what fruit would spring from such seed."

As a group of young people, may you ever be mindful of the truth of such a statement. May you sow only those seeds that will yield for you a prosperous happy life...one of service to your fellowmen ...and above all, one grounded with an unshakable faith in God.

Principal: BILL GARNER

To The Student Body:

The school year 1965-66 has been characterized by an improvement in student attitude toward accepting their share of responsibility for making WHHS a better place. What a principal can accomplish in a year toward school improvement can amount to but little. Add to this the efforts of a large per cent of the teaching force and much progress can be made. Then if to this can be added a generous sprinkling of student leaders who are not afraid to stand for what is right, there is a recipe for school improvement.

Have you contributed anything this year toward making W-H a better school?

I express my appreciation to the upperclassmen who have spearheaded the drive for student responsibility, and to the faculty members who gave them leadership and guidance. May this movement gain momentum in the years to come.

Graduating seniors, my kindest wishes follow you wherever you go.

Sincerely,
Bill Garner

Secretary:
ANN B. HAYS

Absentees, phone calls, and excuses plague Mrs. Hays, but she still smiles! W.H.H.S. couldn't get along without her.

More Than

The junior play could not have been a success without the guidance of Mrs. Neeley.

"Stan reads his mail, "Dear Grandma Letty, My little girl has a habit of throwing stones. A word from you would stop this naughty habit I'm sure."

"Damn the torpedoes, full speed ahead!"

"Well, Mr. Hoskins?"

Meets the Eye

The usherettes looked like spring in their long formals. They are from left to right: Sharon Mayfield, Cindy Calvin, Becky Nash, and Sharon Atwell.

"Because I'm a reporter and you're a photographer, we're not normal."

"It's hard for a man to apologize."

"Do come in."

Christmas

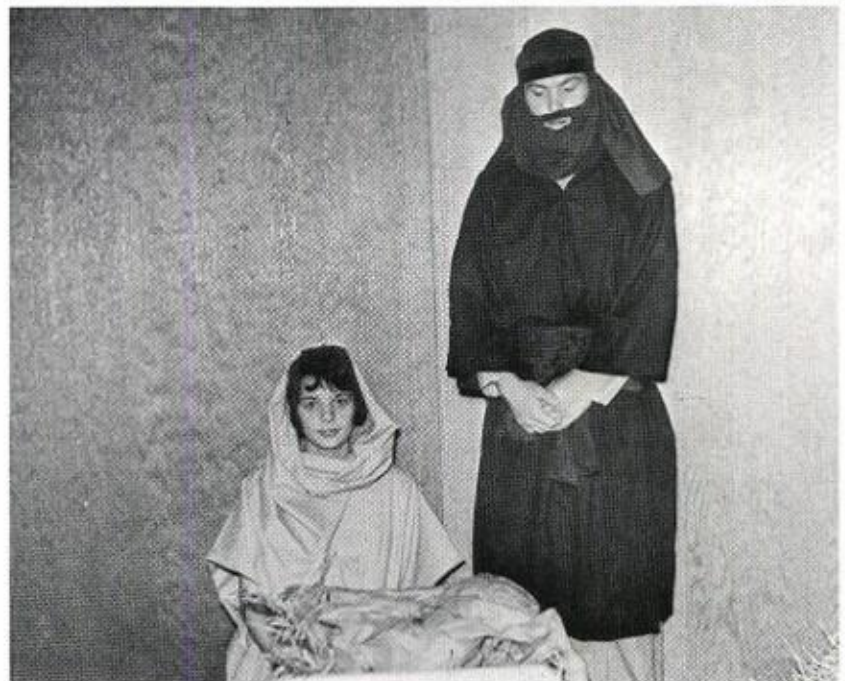

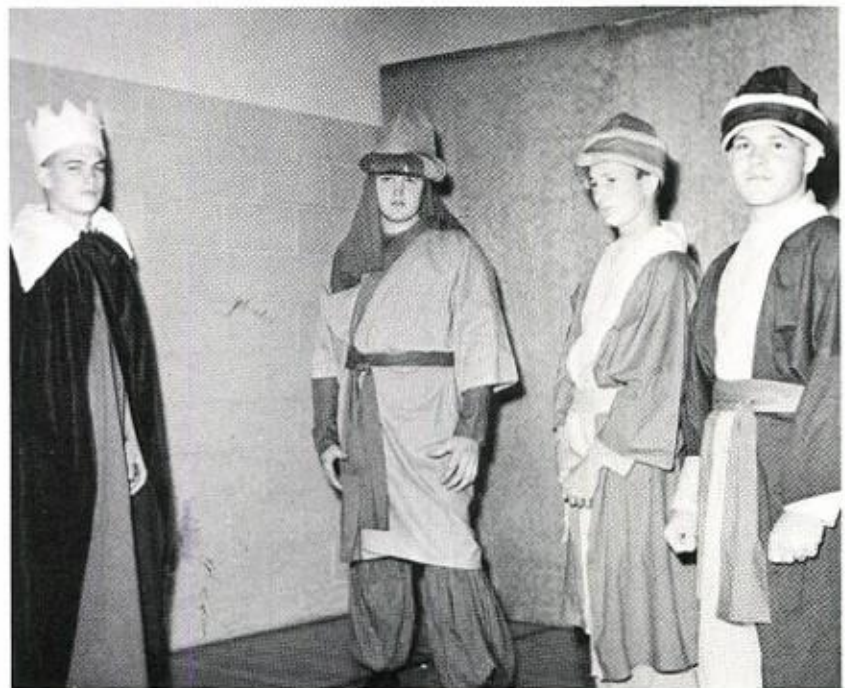

One of the traditional events of the year was "Night of Miracles," written by John W. Peterson and produced by the music and drama departments of Wilmer-Hutchins School. The over-all production was directed by William C. Patterson, high school music director, with assistance from Darrell G. Strong, elementary school music instructor and Miss Frances Shaw, W. H. H. S. speech instructor.

Pageant

A new lighting effect was arranged by Miss Shaw for the scenes that were spotlighted with soft colors in the surrounding darkness.

*Wish Upon
a Star*

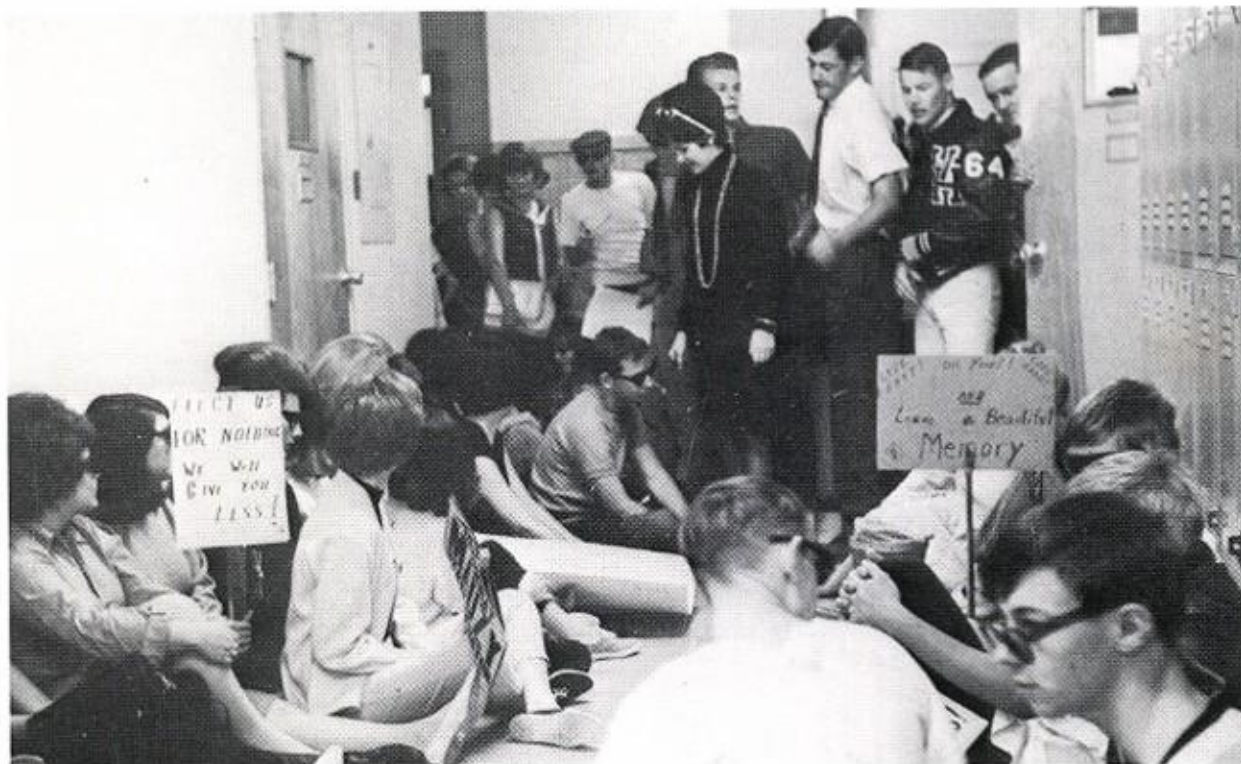

The blue and silver setting of the Jr.-Sr. Prom enchanted all that attended. There was a suspense moment when Fay and Connie were announced King and Queen. We would like to thank Linda Ernst and Mrs. Arey for a job well done. An enjoyable time was had by all. Later the Jrs. and Srs. danced to a well known combo.

That Day . . .

So W.H.H.S. has beatniks led by Israel!

What a life the seniors had: demonstrations and sit-downs.

Could they really see through those shades?

. . . That Night

"Ralphy" welcomes all to The Rubhyiat.

Baxter Taylor was great and Ron Shipman was cool-mmm, mighty cool.

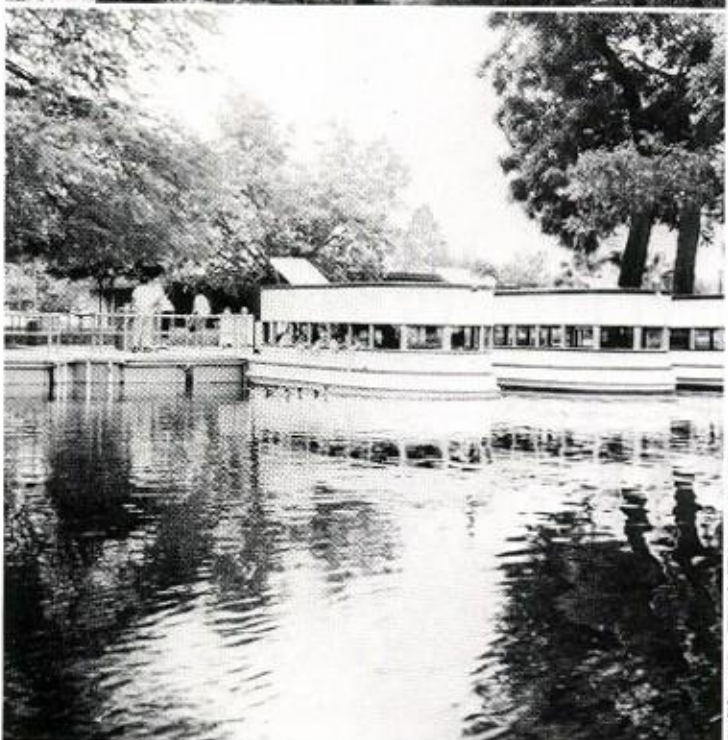

It was a long wait for food, but. . . . it finally arrived--or did it?!

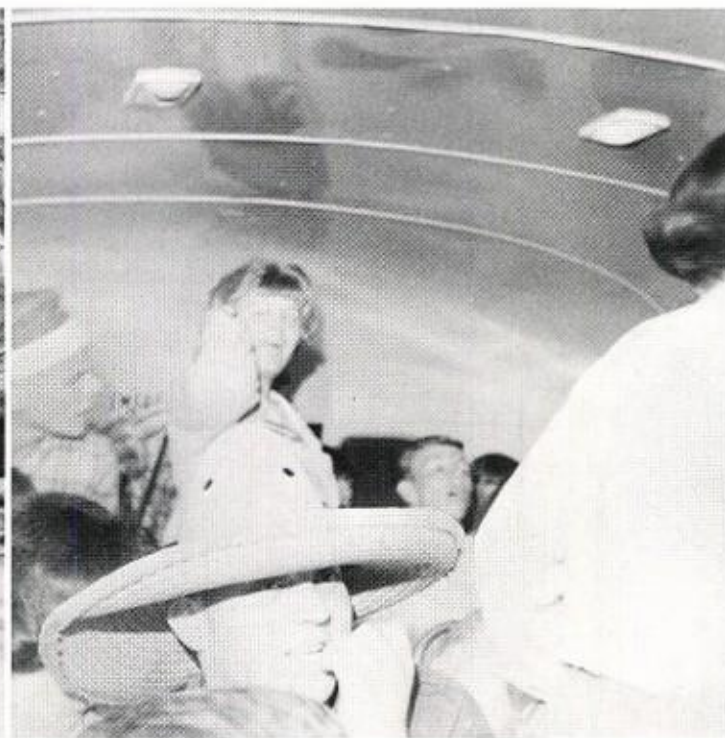

Senior

After arriving in Austin, the seniors ate breakfast at the Pancake House. And then it was off to the Aquarena where fun and rides awaited everyone.

Trip

After swimming, most of the seniors enjoyed playing miniature golf, horseback riding, paddling boats, or just goofing off. Then it was time to load on the bus and start on the long journey home. They all agreed that it had been worth it.

RECESSIONAL

The End of the '66 Seniors

Solemnly the Seniors of 1966 buried their last memories of W.H.H.S. with Brother Adams and his assistant Don Youngblood officiating. To fit this sad ceremony, go-go girls and a combo furnished hymn music and dancing. James and Alice read the will, Gladys and Mary prophesied, and David and Fay dedicated senior talents. A senior himself, Jerry Selmon, was given to Mrs. Reed. Brother Adams, in his eulogy, proclaimed that no other class had ever had such beautiful girls and handsome boys, as a junior in the audience sacrilegiously moaned, "Heaven help you!"

Eagles Face Tough Competition

PAUL BARBER
Senior
Captain--Halfback
Back of the Year

The '65 Eagles were led by Paul Barber, Curtis Lee, and seven other experienced senior players. Under this leadership the Eagles played inspiring games against Plano and Willspoint, two state champions; Lancaster, District AAA Co-Champion; and Bishop Dunne, the state's most outstanding parochial school.

Of the thirty-six players, twenty-seven will return to the '66 Eagle team. Twelve of these are freshmen this year.

The following boys received Honorable Mention Awards: Paul Barber, Tommy Lee, and Billy Newton. Outstanding freshmen were Pat Wolfe who started seven games, Paul Caton, Freddie Lee, and Kelton Cloud.

Basketball Team Places 2nd in District

The 65-66 basketball season proved highly successful for W.H.H.S. Under the guidance of Coach Doyle Tyler, the Eagles had a season record of 23 wins, 6 losses. They won the Ennis tournament for the first time in WH history, won second place in the Lancaster tournament, and consolation in the Lewisville tournament for a total of three trophies.

Lucky Turner and Luby Cleveland were named as all-district players. Fay Reams and Larry Gilbreth received an all-district honorable mention.

Coach Ringo and Coach Reed

Coach Reed sums up
an extra good season:

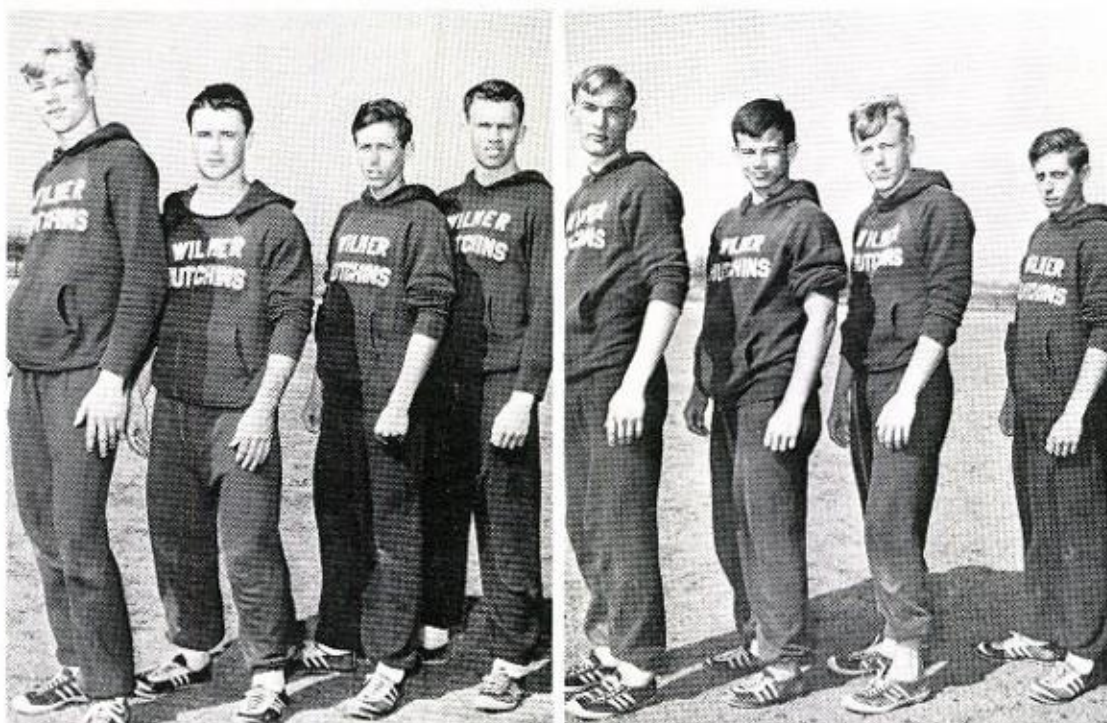

"These boys have done a fine job all year and gave a good account of themselves at every track meet they were entered. This was indicated by their 2nd place finish in their district track meet this year. As a group this was a young track team with most returning for next year. They were guided most of the year by one or two older individual teammates, who set them a fine example."

ORGANIZATIONS

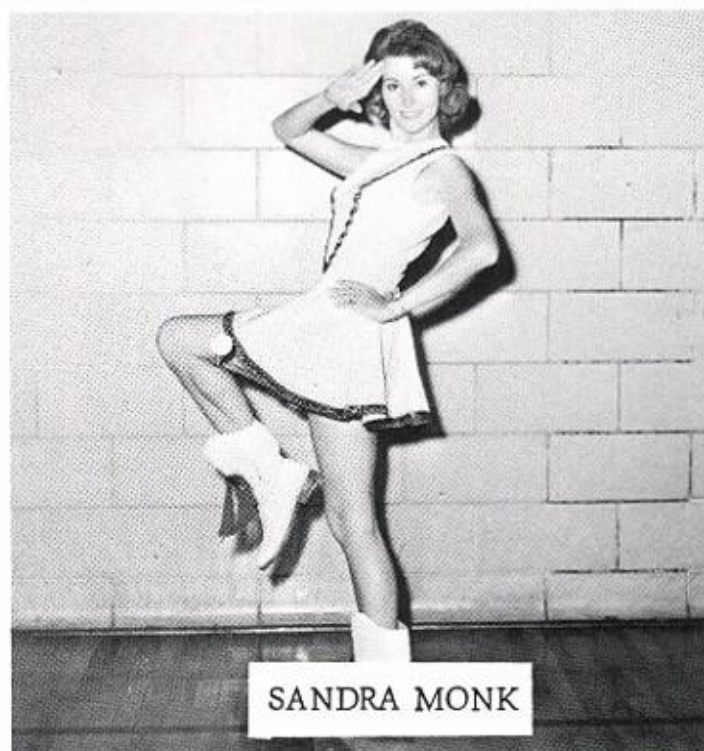

SHARON ATWELL

The band, whose officers are President, Sandra Monk; Vice-President, Linda Ernst; Secretary, Tim Roddom; Treasurer, Kenneth Owen; Reporter-Historian, David Goodwin; created excellent half-time performances that were highlighted with their lighted routines and their participation in various parades.

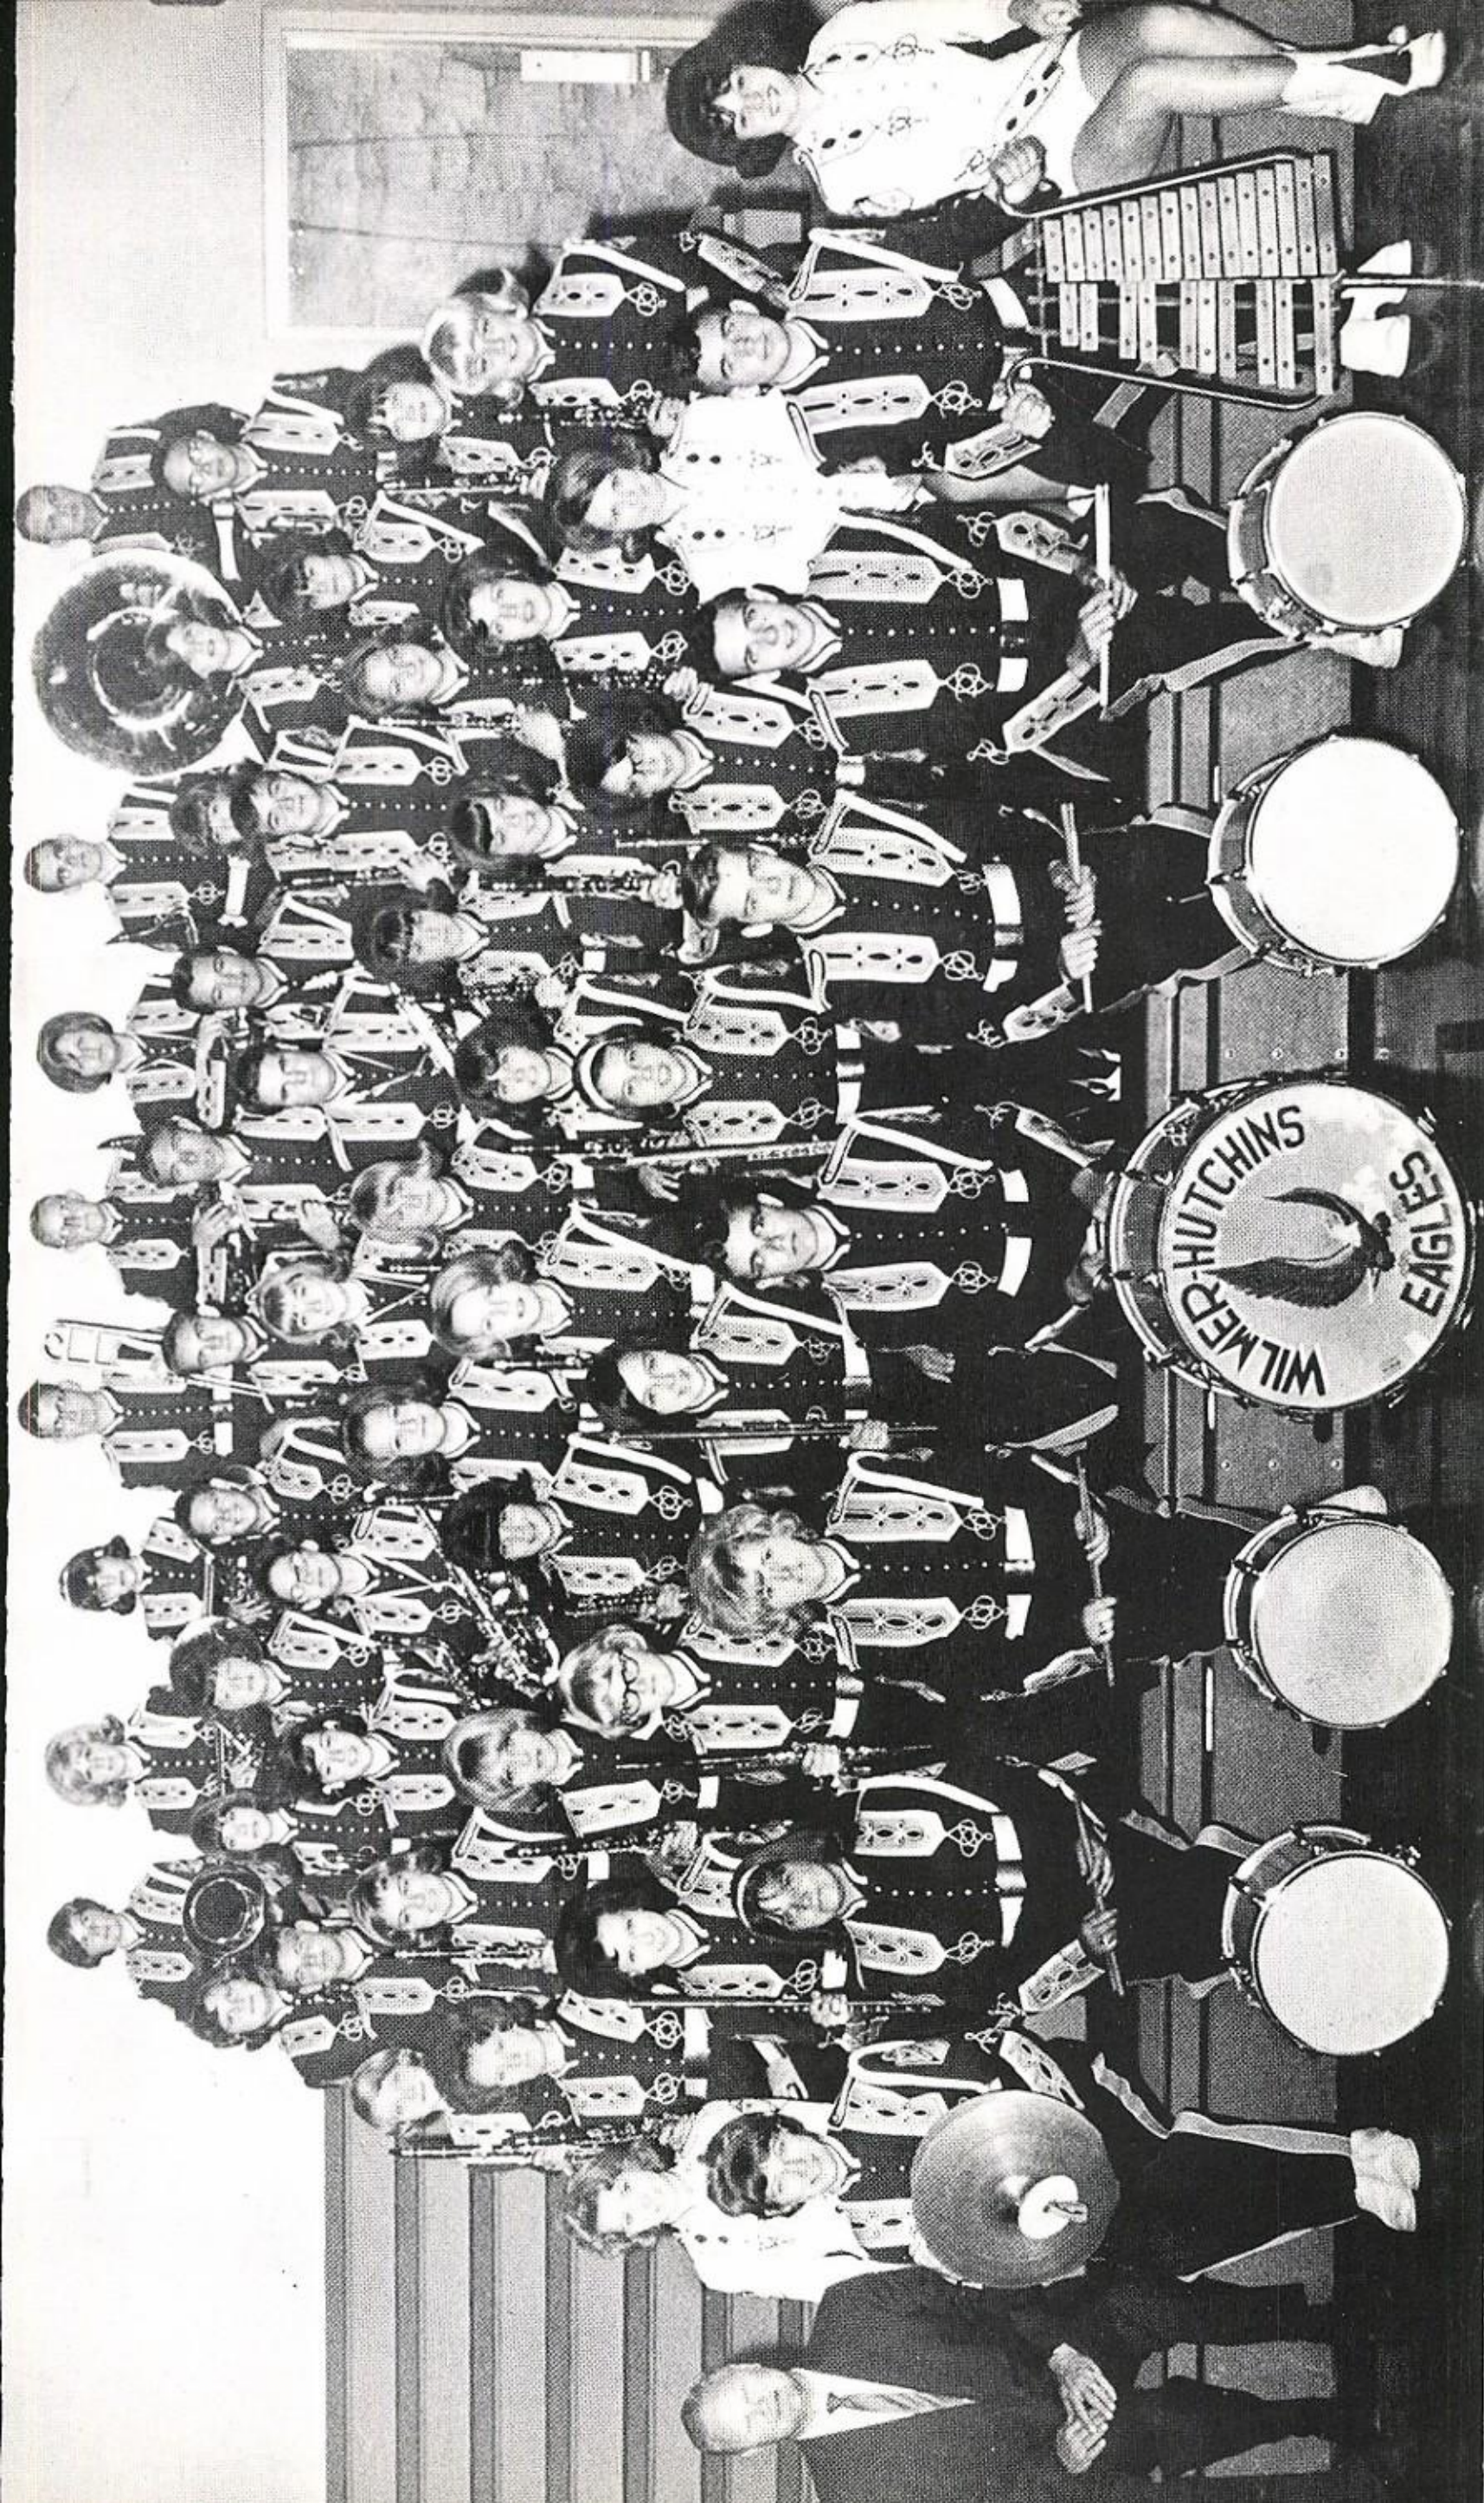

CONNIE MOORE

The majorettes, combining talent and precision, lead the band with high kicks and batons twirling. Their broad smiles reflect their charming personality and vitality.

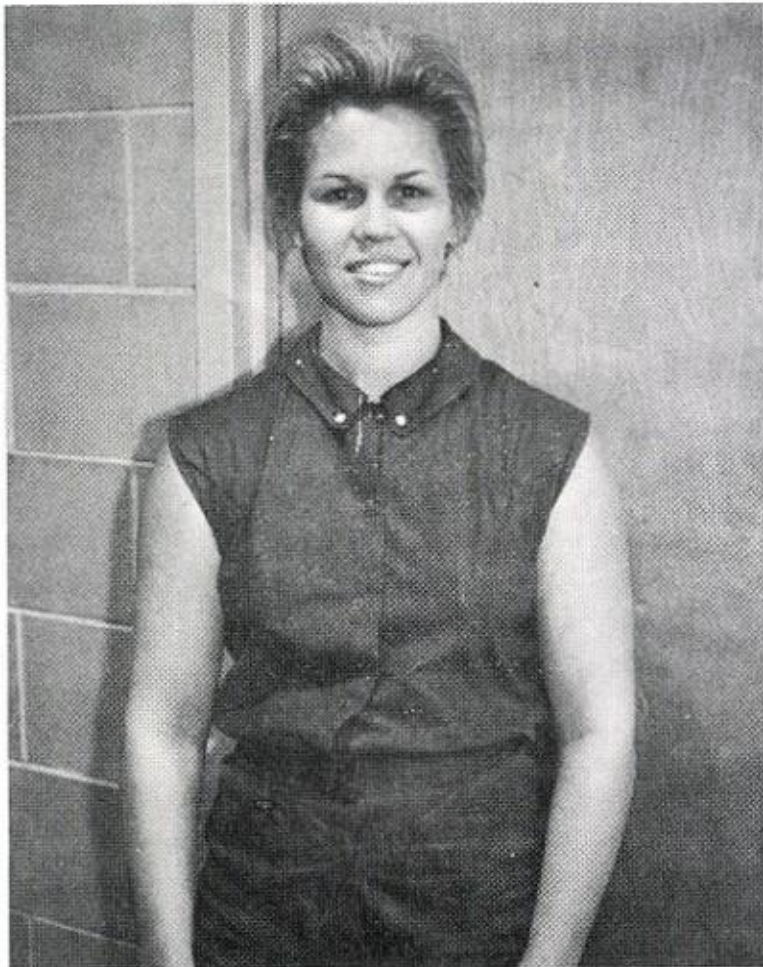

SANDRA MONK

Eagles Work Toward Higher Goals

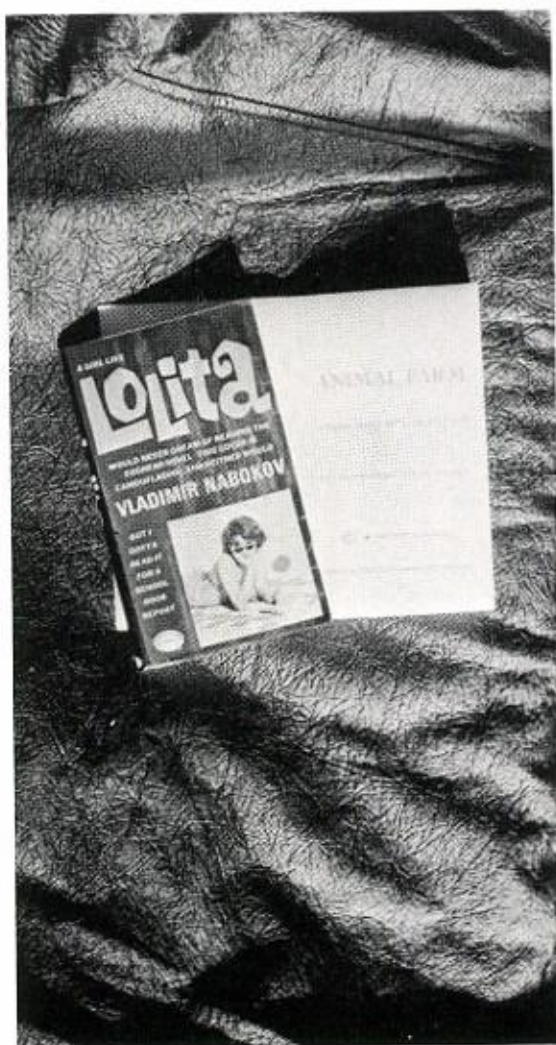

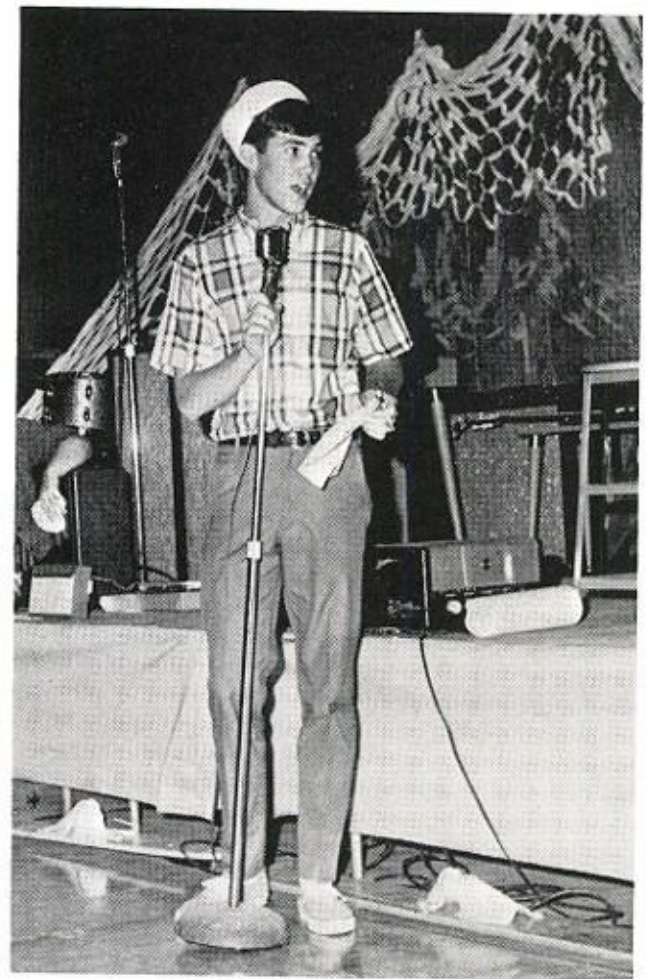

These students went full speed ahead in '66. Band officers planned over the timpanis, "The Eagles Claw" staff sold the news, and Kay Fitzhugh played her French horn right up to being elected Band Sweetheart. Each class was led by elected committees who campaigned for less absentees. Pert and pretty, the drill team officers led their girls through precision drills.
